The location of the pick-up for each activity will be stated in the respective descriptions. At the present time, we are using the following pick-up locations.

Note: On each activity, the arrival times are approximate.

Turn right (North) at the first right (0.2 miles) Turn left on Taylor Road. You are there.

NORTHWEST:

Adena was the 2,000-acre estate of Thomas Worthington (1773–1827), the sixth governor of Ohio and one of the state's first United States Senators. The mansion house was completed in 1807 and has been restored to look much as it did when the Worthington family lived there, including many of the original Worthington family furnishings. The house is one of only three houses designed by Benjamin Henry Latrobe still standing in the country today.

We will have a guided tour of the 2-story house. The first floor is handicapped accessible. Virtual tours of the second floor are available.

After the tour visit the five outbuildings and stroll through the formal gardens on the 300 acre property. Looking east from the north lawn of the mansion one can see across the Scioto River valley to the Logan Range. This view is the inspiration for the Great Seal of the State of Ohio.
